### **Peter Schweizer Joins Single Subject Amendment as Chairman of its Board of Advisors.**

**Tallahassee, FL - Single Subject Amendment, a Super PAC, is pleased to announce that Peter Schweizer is its new Board of Advisor's Chairman.**

**Peter Schweizer is the president of Government Accountability Institute and is a best-selling author. His most recent book is "Clinton Cash: The Untold Story of How and Why Foreign Governments and Businesses Help Make Bill and Hillary Rich." Other books by Peter, "Extortion: How Politicians Extract Your Money, Buy Votes, and Line Their Own Pockets" and "Throw Them All Out," were bestsellers and were both featured on CBS's 60 Minutes.**

**Single Subject Amendment is spearheading an effort to add an amendment to the United States Constitution to require that every bill enacted into law by Congress must pertain to only one subject which must be clearly expressed in the bill's title. Forty-one state constitutions prohibit unrelated provisions (called riders) in state legislation but this prohibition, applicable to Congress, is missing in the U.S. Constitution.**

**There are two ways to propose amendments to the U.S. Constitution and Single Subject Amendment is pursuing both methods. At the request of Single Subject Amendment, Congressman Tom Marino introduced H.J.Res. 40 in Congress on March 26, 2015. Through the efforts of Single Subject Amendment, the Florida Legislature passed a bill last year applying for an Article V Convention of the States to be convened for the limited purpose of proposing a single subject amendment.**

**"Having someone as experienced as Peter as Chairman of our Board of Advisors is a real coup because of his knowledge of how the system of lawmaking in Washington is not working and needs tweaking," said W. S. "Spider" Webb, Jr., CEO and Founder of Single Subject Amendment. "Peter sees how adding a single subject amendment to the U.S. Constitution would have a profound and positive impact on the way Congress conducts its business."**

**“This amendment to the U.S. Constitution will serve as a catalyst to unite both political parties in Congress and to reach an agreement on a practical solution for breaking the gridlock in Washington,” said Peter Schweizer. “Adoption of this amendment will improve the legislative process and the way Americans view Congress. This amendment will enable Congress to conduct its business in a more productive, efficient and transparent way with less acrimony.”**

### **About Single Subject Amendment**

Single Subject Amendment is a nonprofit 527 organization and, more specifically, a Super PAC that registered with the Federal Election Commission on March 1, 2013. Super PACs, officially known as “independent-expenditure only committees,” may not make contributions to candidate campaigns or parties, but may engage in unlimited political spending independently of the campaigns. Unlike traditional PACs, they can raise funds from individuals, corporations, unions and other groups, without any legal limit on donation size.
